

## **POP-UP HOUSE INSTRUCTIONS**

1. Cut main house and before removing the mat go to the score lines tab and set pressure to minimum and blade depth to 2. Mark score lines.
2. Fold all parts on the score lines and glue the window frames on.
3. Glue the roof together first and then glue the side.
4. Glue the second part of roof onto house.
5. Put double sided tape on both bottom tabs.
6. Draw a faint pencil line at 1 ¼ inches from the fold of the card.
7. Centre the card on this line with the door side to the bottom (easiest to do with house open)
8. Remove the other part of double sided tape from the right tab and stick on the pencil line, remembering to centre it.
9. Fold the house down flat and remove the other piece of the double sided tape from the left tab and while holding the house flat, fold your card over and stick it down.
10. Embellish to your taste

Enjoy!
